***METALLIC PRINTS**

We have chosen to use a 'Metallic Print' process for our prints. This process gives our prints a beautiful and rich depth. The prints have a special shine and glow that is not possible in a traditional digital or printing press process. The gold colors, on the prints that have gold, are the closest to the gold on the original artwork. The red tones on the Sacred Heart of Jesus print have beautiful radiance. All prints come unframed.

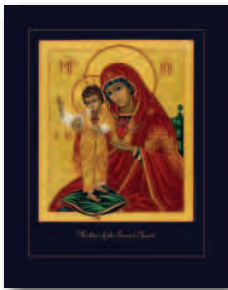

*D*evotion to the Sacred Heart of Jesus is a profoundly beautiful and most effective means of living always in the company of Our Lord Jesus Christ. It expresses our love for the One Who shows us the greatest possible love by offering His Body and Blood for us in the Eucharistic Sacrifice. Central to this devotion is the Enthronement of an image of the Sacred Heart in the home. The Enthronement, along with the Consecration to the Sacred Heart of Jesus through the Immaculate Heart of Mary, is a sign, an outward expression, of a deeply interior commitment to submit one's entire life to Christ. The enthroned image of the Sacred Heart expresses Christ's true Kingship over the family, and reminds us to follow in Christ's royal way. It invites Our Lord be our constant and most intimate Companion.

This synthetic and meditative work is theological without being abstract or dry, and spiritual without being sentimental. It expresses everything, all that is genuinely new and revolutionary in the New Covenant. This Heart calls to our heart. It invites us to step forth out of the futile attempt of self-preservation and, by joining in the task of love, by handing ourselves over to Him and with Him, to discover the fullness of love which alone is eternity and which alone sustains the world" (Ratzinger).
